Report:

Communication skills encompass the ability to speak, listen, and write effectively in order to share information and ideas with others. The better your communication skills, the more effectively you can perform these tasks. In turn, your students will make more academic progress. Studies have found that the success of students is directly related to interactive, engaging teaching environments formed by able teachers. Considering this guest lecture was organized by Brahma Valley College of Education on how to develop communication skills by Colonel Braham Singh, retired Army officer and now in the education field.

Feedback:

Students actively participated in the interactive lecture. Students also participated with enthusiasm in the activities done during the lecture. It was great experience for them.

Report:

The National Education Policy (NEP) 2020 is a comprehensive policy document that outlines the vision and roadmap for the development of education in India over the next few decades. Although the NEP is an excellent document that reflects research and evidence, delivering on its promise will require sustained attention to implementation. The glaring gaps between the high quality of policy and programme design on one hand, and the low quality of implementation on the other, are widely recognized in India across many dimensions of public policy. These challenges were discussed by our guest lecture by a great dignitary Dr. Kavita Salunkhe mam from YCMOU University who had herself worked in drafting the NEP 2020. It was great to hear a lecture from such a knowledgeable person.

Feedback:

Students got the opportunity to hear the most interesting lecture from a great dignitary. They collected lots of information which they will always treasure. It was the most memorable experience.
